

THE ELECTRIC PLANT.

The Register's Silly Statements
Plainly Shown up Again.

THAT PAPER WAS WRONG, AS USUAL.

In its Article on the Subject in Yesterday's Issue—The Facts and What They Demonstrate—Another Strong Card from the Wheeling Electrical Company.

To the Editor of the Intelligencer.

Sir:—The Register devotes three columns in this morning's issue in replying to our card of Wednesday, giving many misstatements, but no facts, unless it is in taking back its statement that the revenues of the gas works had remained stationary for years on account of the incandescent light.

They don't explain how the wages of the gas works came to be \$10,151.24 more in 1893 than they were in 1892. Nor why the coal bills paid in 1893 were \$31,652.24 more than they were in 1892; nor why the salaries were \$2,591.70 more in 1893 than they were in 1892. The claim is made that only \$22,000 has been expended for operating the electric plant in ten months of 1894, but they don't tell how much of the above items are charged to the gas works that belong to the electric plant. They say that the lamps only cost about \$54 per lamp per year, and we say that if they would charge a little more to the gas works that belonged to the electric plant they could get their figures down to their first claim (before the plant was contracted for) that the lights could be operated for about \$20 per lamp per year.

They say the cost of the 423 lamps this year will not exceed \$27,000. Where do they get 423 lamps? When the plant was first put in operation a few less than 400 lamps were placed in the streets and alleys, but after running a short time it was found that the machines bought to furnish 400 lights would not run them, and they were compelled to take down several lamps. It is a well known fact that the machines bought for eighty-light machines proved after about one year's use to only be good for seventy lights, and that they were compelled to buy an additional machine in order to keep all the lamps burning. Some of the lamps, taken down have not been replaced, and besides they are figuring on the lamps burning inside the station as well as the ones furnished the bridge company, for which they receive but little. Tell the public where these additional lamps have been placed. The Register claims that an incandescent plant can be installed by the city for about \$25,000, but they don't say how much of the city they could cover with this plant. The street lighting plant with four hundred horse power capacity cost at least \$120,000. Of course this includes some spare apparatus which is necessary, and would also be necessary with an incandescent plant.

Now an equipment for an incandescent plant of four hundred horse power capacity would operate four thousand sixteen-candle power lamps, and we would like to know how much of the city this would cover. Will the Register tell the people that an incandescent plant would cost less than an arc plant of same horse power capacity? The dynamo, engine, boiler, etc. would cost about the same in either case. The converters and meters would cost more than the arc lamps, and there is no comparison as to the cost of the wires, the incandescent light requiring much heavier and more wires.

The Register claims they have spare boiler capacity. They have five boilers of 100 or less horse power capacity each. They have two engines, one working at a time to its rated capacity. What would they do when it was found necessary to repair the engine or a boiler? Even with the spare apparatus they have the lights are out occasionally? What would be the result if they tried to use this spare apparatus for incandescent light, remembering that the incandescent apparatus must be in motion at all times day and night? Their claim on this point is nonsense and is well known to a large majority of the public, to be such.

The Register may say that they will use direct current instead of alternating and do away with the converters, but that cannot be done unless they want to put the product of a copper mine in wires.

The Register's estimate of an incandescent plant reminds us of the estimate they published on Wednesday, December 17, 1890. The estimate reads as follows:

"The Fort Wayne Electric Company [the company with whom the city contracted for the plant] submitted an estimate totaling \$4,500. This called for engines, four boilers and four dynamos, \$1,000; fifty miles of wire at \$200 per mile, \$10,000; dynamo and 400 lights (lamps), \$2,000; 400 main arms 25 feet long for swinging the lights out to the middle of the streets, \$10,000; shafting, etc., \$1,000 and \$5,000 for a building. This estimate could be reduced \$10,000 by omitting the steam arms."

Now nearly all of the steam arms were omitted, but where is the \$10,000? This should have made the cost about \$74,000, and where did about \$40,000 more that was squandered on the plant go?

We ask the Register to explain how it is that the revenues from the gas works during 1890 were only \$2,628.43 more than they were in 1889, while the revenues in 1893 were \$9,806.29 more than they were in 1892. Will they say that business was good in 1893, causing the building of many new houses, and many old ones repaired, where new gas consumers were obtained, and that business was practically at a stand still in 1890, causing few people to apply for gas?

In 1889, with a revenue from the gas works amounting to \$90,536.58 they show a clear gain after lighting the streets of \$27,476.58; and in 1893 with a revenue from the gas works amounting to \$117,915.59, they only show \$24,940.67 of gain, after they have been relieved of lighting the streets with gas, which they claimed cost them about \$16,000. Thus as the revenues grew they cannot show an increased gain as they should, but on the other hand, are several thousand dollars behind.

We will now consider how much truth there is in the Register's statement that we knew that the city would at some time want to compete with us. A short time previous to the organization of this company some citizens of Wheeling endeavored to organize an electric company, and asked the city to help the enterprise, but a committee was sent to Cleveland and the committee reported that they did not think the city should assist in the matter, and consequently the matter was dropped for a time, when some of the parties organized this company, not with the understanding that they would have competition by the city, but the city having refused to assist, it was but natural to suppose that the city would not interfere. The city council granted us a twenty year franchise, which does not look as though they intended going into the business. We invested our money in good faith, and don't believe

the majority of the citizens of Wheeling feel that our business should be taken away from us by unfair means. We are furnishing as good light as cheaply and cheaper than it is furnished in this vicinity or elsewhere and will at a later day give the public the prices charged by other stations.

The net city debt January 1, 1890, was \$563,994.40, and on January 1, 1894, \$733,254.45, not counting the debt contracted by the city water board, amounting to something like \$100,000, and if this debt can be paid off without costing the taxpayers anything, the Register is correct in stating that the electric light plant will cost the taxpayers nothing.

THE WHEELING ELECTRIC LIGHT CO.
Wheeling, W. Va., Nov. 1.

BY ONE PIN

The Mouth Side Bowling League Furnishes a Fine Game.

The star game of the present season in bowling circles was rolled last night at the Mozart Park alleys when the Excelsior club defeated the Hostlers by a margin of but one pin in the first game. This undoubtedly establishes a record which will not be repeated for some time. Although the scores are not of the highest the closeness of the score lends additional interest to the occasion. Score:

Excelsior—G. Belawinger, 1, 4, 5, 145; Fritz, 1, 3, 6, 117; Dannenberg, 2, 2, 6, 140; Wagner, 2, 4, 4, 141; H. Belawinger, 3, 0, 7, 177; C. Belawinger, 1, 2, 7, 110; total 759.

Hostlers—Ebeling, 4, 3, 3, 104; Hildebrandt, 0, 3, 7, 113; Shafer, 1, 1, 8, 112; Bartolas, 2, 2, 6, 124; Walters, 2, 3, 5, 138; Weisgerber, 1, 1, 8, 107; total, 758.

In the second game the Hostlers got a hustle on themselves and turned the tables on the Excelsiors. They rolled a game that their opponents did not touch. Score:

Excelsior—G. Belawinger, 1, 4, 5, 135; Fritz, 1, 2, 7, 116; Dannenberg, 2, 3, 5, 129; Wagner, 0, 2, 9, 101; H. Belawinger, 1, 4, 5, 138; C. Belawinger, 0, 3, 7, 110; total, 727.

Hostlers—Ebeling, 1, 2, 7, 115; Hildebrandt, 0, 4, 6, 123; Shafer, 2, 3, 5, 140; Bartolas, 1, 2, 7, 109; Walters, 1, 5, 4, 137; Weisgerber, 0, 3, 7, 120.

LaBelle-Calumet Game Postponed.

Owing to the opera last night, and the desire of several members of the bowling fraternity to attend, the scheduled LaBelle-Calumet game did not take place. These clubs will meet to-night on the Seibert alleys and a good contest is anticipated. The LaBelles made a good showing last Saturday, when they defeated the Pen and Pencil club two games, and seem to have a desire to win the pennant. The Calumets are still smarting over their defeat by the Browns and will endeavor to experiment in that blisful feeling which invariably follows the successful termination of a bowling game.

Foot Ball To-morrow.

The game of foot ball at New Athens to-morrow between the Martin's Ferry Y. M. C. A. and Franklin College will be a good one. It will be called at 2:30. The Martin's Ferry team will leave at 7:30 and will line up as follows: James Smith, left end; Col. McAninch, tackle; William Specht, guard; George McAninch, center; Bart Pickens, right tackle; Thomas Gjertsen, right end; C. C. Mitchell, quarter back; John Edwards, left half back; Robert Edwards, right end; James Sweeney, full back.

St. Asaph Entries.

The entries at St. Asaph for to-day's races are as follows:

Three-quarter mile—Lady Violet, 109; Little Billy, Gold Dollar, 104; Bizarre, 74; Wernburg, 107.

One and one-sixteenth miles—Song and Dance, Baroness, 103; Governor Sheehan, Pochino, 100; Judge Morrison, 107; Roche, 115.

Five-eighth mile—Phoebus, Golden Gate, Samaritan, Volvet Rose, City Gamin, Wiley, Pandora C, Mid Star, 100. Half mile, selling—The Scalper, 109; Bloodstone, Sabina, 1, 97; Edna May, Whiz Gig, c, 108; Marengo, 103; Tempting, Parthenia, 94.

Half mile, selling—Pallanthus G., 109; Little Ella, Saluda, 1, 95; Ninevah, 103; Toluia, 108; Festival, 118; Pretense, 103; Pouch, c, 106; Son Erreur, 97.

One mile, selling—Leonardo, 98; Gleesome, 101; Restraint, 110; Sea-tauket, 95; Pulitzer, 105; Ed Kearney, 109; Grampian, 87.

St. Asaph Results.

WASHINGTON, D. C., Nov. 1.—First, five and one-half furlongs—Will Elliott won; Harrington second; Restraint third. Time, 1:11.

Second, six furlongs—Emma won, Romping Girl second; Evelyn Carter third. Time, 1:21.

Third, mile—Lizzie won; Cockade second; Paris third. Time, 1:43.

Fourth, five furlongs—Flirt won; Star Actress second; Gleesome third. Time, 1:25.

Fifth, five furlongs—Punch won; Ella Reed second; Etetan third. Time, 1:04.

Sixth, one and one-half miles. Governor Sheehan won; Little Tom second; Little Matt third. Time, 1:52.

Oakley Results.

OAKLEY, O., Nov. 1.—Track was wet and lumpy and slow. Only two favorites won. Summaries:

First, thirteen-sixteenths of a mile—Tremona won; Voorhis second; Pirate King third. Time, 1:26.

Second, mile—Hodgson won; Sister Anita second; Equator third. Time, 1:46.

Third, thirteen-sixteenths of a mile—Probasco won; Service second; Ellen Douglas third. Time, 1:23.

Fourth, five furlongs—Free Advice won; Victorious second; Basco third. Time, 1:04.

Fifth, mile—Alibi won; Michel second; Early Rose third. Time, 1:48.

East St. Louis.

ST. LOUIS, Mo., Nov. 1.—East St. Louis results: First, six furlongs, My Partner won; time, 1:24. Second, eleven-sixteenths mile, Air Tight won; time, 1:34. Third, six furlongs, Ill Henry won; time, 1:20. Fourth, thirteen-sixteenths mile, Haroldine won; time, 1:27. Fifth, mile, Luke Richards won; time, 1:51.

DEATH OF THE CZAR.

DEATH OF THE CZAR.

The Descendant of Peter the Great
Has Passed Away.

UNEASINESS IN EUROPE.

His Death Is a Solemn Warning To
Hundreds of Men and Women Who
Are Alive To-day.

The czar is dead!

He was born in St. Petersburg March 10, 1845, and ascended the throne March 13, 1881, three days after the assassination of his father. He leaves five children. The czar was a lover of peace, and amiable in his private life, but tyrannical as a ruler. He was honest, but narrow, stubborn, and would not take advice.

For several years the czar has been ailing. His appetite has been feeble; his sleep uncertain. He has felt peculiar pains throughout his body, especially about the lower portion of the limbs, and has been annoyed with frequent headaches and indigestion.

It is strange that with all the medical skill at his command so few people realized what was troubling him. More than two years ago, however, in America the meaning of these well known symptoms was clearly understood, and the czar was warned publicly and in print that he was the victim of Bright's disease of the kidneys. Since then the disease has increased and grown, until finally it has ended in death. Had he heeded the warning sounded in America two years ago, and taken promptly and according to directions the great and only known discovery for Bright's disease of the kidneys, the czar would unquestionably be alive to-day. That remedy, which is known to all scientists and acknowledged as supreme in its power, is Warner's Safe Cure. It cannot be considered a proprietary medicine, but rather a discovery for men and women troubled with any kind of kidney, liver or urinary weaknesses, with depressed feelings, run down condition, or with uric acid poisoning, rheumatic or gout troubles.

There are thousands of men and women in America to-day who have been rescued and kept alive wholly by the use of this great remedy. And if you, reader, are suffering from any trouble which you do not fully understand, you may be sure that it arises from disordered kidneys or liver. If so, heed the warning which the czar neglected, and save yourself while you have the opportunity.

Look out for Democratic roborachs, such as circulars and sensational publications in the Democratic organ intended to prejudice voters at the last minute against the Republican ticket. Late day publications of this nature will be the last resort of desperate party managers.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

The Democratic meeting in Commercial hall, Martin's Ferry, was called to order last evening after the Seldom Seen brass band had played a funeral dirge and several other selections. The hall was decorated with seven flags, a piece of bunting, two pictures of Christopher Columbus and Grover Cleveland. A. O. Barnes, the Democratic candidate for Congress, was introduced, and talked free silver, sixteen to one, for more than an hour and attempted to convince his hearers that this is the question of the campaign. He said Capt. Danford was his personal friend and called him a distinguished gentleman. Two hundred men and boys were in the hall when the meeting began and many of these left long before he finished his speech.

On account of the Democratic times some of the Martin's Ferry grocers refuse customers further credit and must do cash business. Many workmen have been out of employment so much that it has been impossible for them to pay all of their bills. Several have lost their homes.

The prisoners indicted by the grand jury were arraigned yesterday. Mag. Gilmore, of Martins Ferry, who is charged with manslaughter, plead not guilty. She will be defended by George Duncan. Henry and Sarah Ann Lennon, charged with incest, plead not guilty.

In the case of J. S. Harrison vs. Martin's Ferry, at St. Clairsville, yesterday the demurrer was sustained and the petition dismissed, and in that of P. McDonough vs. Martin's Ferry the demurrer was sustained.

The Junior Mechanics and their friends went to Bellairs last night on a special train on the C., L. & W. railroad, taking with them flags and a first class drum corps.

James H. Cooper and Mrs. Joseph Majors were summoned to Oklahoma City yesterday, by the illness of Dr. C. A. Majors.

George Blackford, who is attending Wash-Jeff college, was here yesterday. He thinks they have the only foot ball team.

David Davis, William Edwards, David Jones and John Ulrich have returned from Georgetown and Cambridge.

R. C. Montgomery, who has been hunting near Cadiz, returned home yesterday.

A. L. Wetherald, esq., of Franklin, Ind., is visiting his son, William Wetherald.

Sheet mill No. 7, at the Etina-Standard, resumed yesterday.

Rev. A. E. Brownlee is holding services at Carnegie, Pa.

Catarth Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials, free.

F. J. CHERRY & Co., Props., Toledo, O. Sold by druggists, price 75c.

HENRY WILSON, the postmaster at Welshton, Florida, says he cured a case of diarrhea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take.

BELLAIRS.

All Sorts of Local News and Gossip from the Glass City.

The Republican meeting at the Elysian theatre to-morrow evening will be the closing one of the campaign, and Hon. Lorenzo Danford whose vigorous campaign throughout the district has kept him away from this section until now, will deliver one of his telling speeches. Along with him will be David Armstrong, a workman in the Cleveland rolling mill who has gained quite a reputation on the stump, and who comes here under the auspices of workmen who desired to hear this fall. It is to be a grand round-up and there will be many present from other parts of the county. Mr. Barnes, the Democratic candidate, paid a high tribute to Capt. Danford personally, but found fault with his position on the silver question. He did it gently, yet it opens the way for the captain to present his facts and figures in a forcible way and he has the happy faculty of showing that with more confidence money would be plentiful in a conclusive way. The officers for the meeting to-morrow night are as follows: Chairman, Hunter S. Armstrong; vice presidents, Thomas Clegg, H. W. Burrows, W. S. Heatherington, A. McPherson, L. T. Froese, John Shipman, Lafayette Simmons, Theodore Seals, Darby O'Toole, John Taylor, R. A. McGregor, H. Roemer, Louis Long, sr., D. A. Ward, W. C. Cochran, Charles L. Lancaster, John Thurn, Thomas Boyce, William Carson, D. D. Cowen, John Strobel, James Paddicord, Thomas Cross, August Hildebrand, John A. Wise, Joseph Davis. Reception committee, W. F. Crozier, George Shannafelt, O. P. Mason, J. W. Cooper, A. T. Stewart, Robert Carson, William Davis.

The Junior Order of American Mechanics had one of the grandest times yesterday evening ever held in Eastern Ohio. The occasion had been looked forward to by the local members with much interest and they had made great preparations and invited all the councils in the surrounding towns. The uncertainty as to the arrival of the state officers kept them in suspense until a telegram from Dr. Wenner was received stating he would reach Wheeling at 4:20. The others came on other roads until there were present Dr. H. L. Wenner, state councillor; D. F. Anderson, vice state councillor; L. V. Stone, Jr. P. S. Q.; J. A. Bliss, S. O. S., and W. A. Gordon, S. C. Treasurer. The American Mechanics' brass band was out in full uniform and the local members of the order, together with Martin's Ferry, Barnesville, Benwood and Wheeling formed in line on Belmont street in front of their hall, the state officers taking the post of honor, and a short march was made to the Elysian theatre, where soul-stirring and inspiring addresses were made by part of the visiting officers. T. C. Nicholson, of this city, and Joseph L. Wells, of Martin's Ferry, were the masters of ceremonies, and it was a grand occasion for the patriotic order.

Frank A. Pitner, a soldier in the civil war who went out with Captain Thomas Garrett in Company E, Seventy-seventh Ohio volunteer infantry, enlisting in October, 1861, and was honorably discharged in March, 1866, died at his home in lower town Wednesday night, and will be buried this afternoon. He was fifty-one years of age and leaves a wife and two daughters.

Mayor DuBois intends to break up the custom of opening saloons immediately after the polls close. He announces that his proclamation means to close the saloons all of that day, and that a day means 24 hours. It has always been the habit to open the saloons as soon as the voting was ended, but it will not be that way this year.

S. F. Farley and bride have returned from Noble county and will go to house-keeping in the Fifth ward. Mr. Farley has taken charge of the ticket office of the B. & C. railroad.

Colonel John Conwell, of Cadiz, came down here to meet Mr. Barnes, the Democratic candidate for Congress, and will accompany him on the balance of the campaign.

Several dances occurred in town on Hallow Een, but the boys were prevented from doing the usual mischief about town by the vigilance of the police.

There will be a public reception at the Central school building to-morrow, at which samples of the work of some of the pupils will be displayed for inspection.

Hon. Mark G. McCarlin, the Prohibition candidate for secretary of state, delivered a speech in city hall last night to his party followers.

The Gravel Hill reading circle held an interesting and pleasant meeting at the house of Mr. and Mrs. J. A. Gallagher last night.

Miss Edna Jones entertained a number of friends at her home in the Fifth ward last night.

Miss Lydia Deffenbaugh entertained a party of friends yesterday evening.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has wonderful curative powers in all diseases of throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at the Logan Drug Company's drug store. Large bottles 50c and \$1.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripple he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure.

Delicate or Debilitated Women SHOULD USE BRADFIELD'S Female Regulator.

Every ingredient possesses superb tonic properties, and exerts a wonderful influence in toning up and strengthening the system by driving through the proper channel all impurities. Health and strength are guaranteed to result from its use.

My wife, who was bedridden for eighteen months after taking a severe cold, was cured by using your Female Regulator for two months. It is selling well.—J. M. JOHNSON, Maivert, Ark.

Sold by all Druggists at 25c per bottle.

BRADFIELD'S REGULATOR CO., Atlanta, Ga.

FALL AND WINTER GOODS—GEO. R. TAYLOR.

New Fall

—AND—

Winter Stock!

Just Received and Ready for Inspection.

GEO. R. TAYLOR.

SPECIALTIES:

Cloaks, Suits, Furs,
Dress Goods and Silks,
Real Alaska Seal Jackets,
Real Alaska Seal Capes,
Electric Seal Jackets and Capes,
Moire Astrachan Capes,
Mink Capes in best grade.

All our FUR GARMENTS are very wide sweep and from 27 to 36 inches long. Prices in all cases as low as in the eastern markets. We are also prepared to show in this department a fine line of Ladies' Tailor-Made Covert Cloth Suits, handsome as can be designed. Our Cloak and Suit business has been removed to our Market street room.

Dress Goods and Silks.

Special attention has been given to the selection of Imported Dress Fabrics and small check Suitings, and in extent and variety this department excels any previous supply. Silks for Waists and Dresses in great variety and exceptionally cheap.

Gloves and Underwear.

Agent for Centemeri Kid Gloves. The genuine are known by the brand "P. Centemeri & Co." being always on the left hand glove. Agents also for the celebrated Keyner Kid Gloves. At present we have a good supply of both.

DR. JAEGER'S SANITARY UNDERWEAR for Men, Women and Children. Prices the same as at their New York office. YPSILANTI UNDERWEAR, AMERICAN HOSIERY UNDERWEAR.

MINNEAPOLIS BLANKETS.

EIDERDOWN QUILTS.

HEMSTITCHED SHEETS.

TABLE LINENS, in New Designs.

TOWELS—50 dozen very fine Huck Towels, 46x23, Damask border all around, at 35 cents each.

TWO-IN-HAND UMBRELLAS, leather covers.

LADIES' CZARINA TIES, LADIES' LIBERTY SCARFS.

GEO. R. TAYLOR.

What do you Wish for,

in the way of easy work? You can have it, if you'll use Pearline. With anything you can think of, that water doesn't hurt, the easiest way to wash it or to clean it is to take Pearline. You can't do any harm, by doing away with that wearing rub, rub, rub. Besides, with almost everything, there are special reasons why you should use Pearline. For instance: There's no shrink to flannels, if they're properly washed with it.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. If your grocer sends you an imitation, be honest—send it back.

Before and After Using. LEUCORRHOEA, Barrassness, Profluvium, Nervous Debility, Wakefulness and bearing down pains. It has a direct influence on the uterus and menstruation and will positively EXHAUST and EXHAUST undeveloped EMBRYOS. Rests guaranteed. Circular free. Package containing internal and local treatment, 4c. 6c. 10c. 15c. 25c. Address PEAL MEDICINE CO., Cleveland, O. Sold by CHAS. R. GOETZ, Successor to McLean Bros., Twelfth and Market Streets.

FOR WOMEN

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ASCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

CARLOS MARTIN, D. D., New York City.

Castoria.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.
